

Notice

The Procurement Policy Office (PPO) wishes to inform all users of the e-Procurement System (e-PS) that some users are having compatibility issues which require the (Java Utility software, also known as Nexprocure Signing and Encryption Utility) NSEU to be re-downloaded for the smooth running of the e-PS.

This technical issue is being encountered due to recent changes in third-party policy.

In view of the above, you are strongly advised to refrain from publishing and initiating the closing/opening of bids during the following period:

From Wednesday, 01st August 2024 to Tuesday, 06th August 2024

In case you have already scheduled the closing/opening of bids during that period, an addendum should be issued informing suppliers of an extension of the procurement activities mentioned below for a later date:

1. Bid documents download, bid data preparation, bid hash value submission
2. Bid closing
3. Bid data decryption and re-encryption
4. Opening of Bids

Procurement Policy Office (PPO)
