

Update on the e-Procurement System

1. Public Bodies and Suppliers would recall the Notice issued by the Procurement Policy Office on 06 August 2024 to temporarily put on hold the e-Procurement System until further notice.
2. Public bodies are hereby informed that the e-Procurement System (<https://eproc.publicprocurement.govmu.org>) is now under soft launch for a period of 48 Hours with the use of the Nexprocure Signing and Encryption Utility (**NSEU**) version 401.14.119 as from today.
3. The users are hereby informed that an updated version of NSEU (version 401.14.119) is now available for download on the e-Procurement system. All users of the e-Procurement system are advised to install the updated version of NSEU by downloading it from the e-Procurement system. Before installing the updated NSEU, users are required to uninstall any previous version of NSEU running on their computer system.
4. To get a step-by-step guidance on the process of uninstalling previous version of NSEU and installing the updated version of the NSEU, please refer to the user manual available on the e-Procurement system home page under How to? --> Install NexProcure Signing and Encryption Utility.
5. Users are expected to send their feedback to the helpdesk of the PPO on eprocdesk@govmu.org on the performance of the new NSEU (version 401.14.119) within the next 48 hrs.
