**Standard Bidding Document for Facilities Management for Government Buildings and Infrastructure**

Following Government decision for the development of a framework for Facilities Management and Maintenance of Government buildings, this Office has developed a Standard Bidding Document (SBD) to cater for the procurement of such services through the e-Procurement System.

2. In this respect, Public Bodies intending to procure Facilities Management or Maintenance Services for buildings or infrastructure have to make use of this SBD, which is available on our website: [ppo.govmu.org](http://ppo.govmu.org). Related templates are available on the e-Procurement System.
3. Public Bodies may customise the SBD and Scope of Services according to the specificity of their building or infrastructure.
